

## **Colour Match-Up**

This resource focuses on ordinal numbers and positional language which can pose some difficulties for younger pupils and SEN pupils.

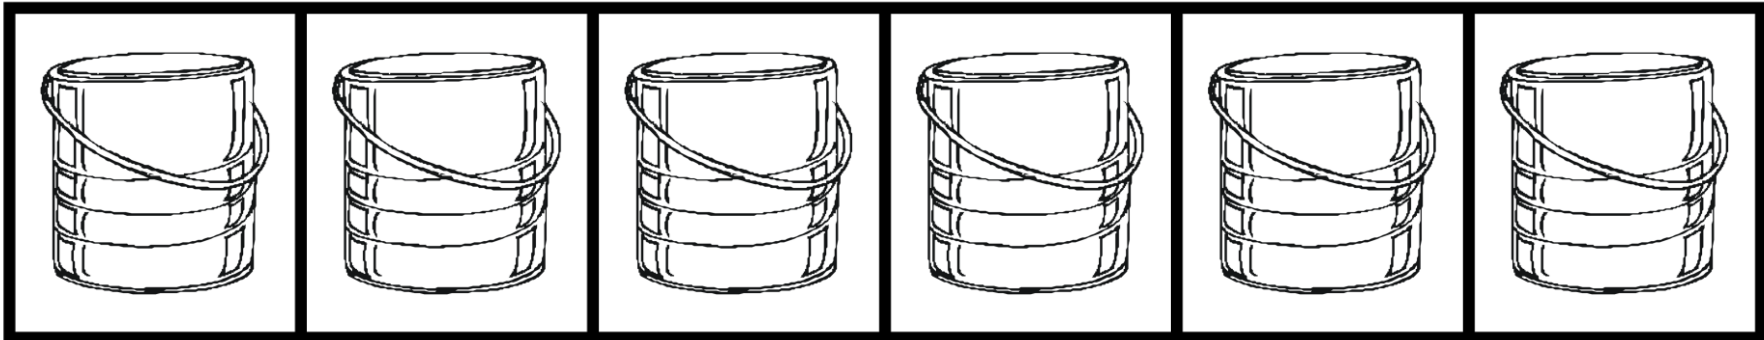

This pack includes five worksheets for pupils to practise these essential skills. Objects to be coloured are buckets, mugs, vases, balls and gifts.

The worksheets include language like first, last, third, before, beside, between.

If the pupils are able, they can read the instructions independently and follow the directions. Alternatively, the teacher can read the directions aloud and pupils follow the directions accordingly.
