

# Summer Line-Ups

This resource focuses on ordinal numbers and positional language which can pose some difficulties for younger pupils and SEN pupils.

This pack includes six worksheets for pupils to practise these essential skills. Summer images have to be cut, practising fine motor skills, and glued into the correct positions using the instructions. There is also the language of the summer items to be learned and discussed.

The worksheets include language like first, last, third, before, beside, after, between.

If the pupils are able, they can read the instructions independently and follow the directions. Alternatively, the teacher can read the directions aloud and pupils follow the directions accordingly.
