Playing the Game

Count the Room is a fun activity to do at any time of the year. This seasonal Count the Room activity is aimed at younger pupils working on early number and counting. It focuses on numbers 1-10. The activity is based on 26 seasonal Valentine image cards where pupils have to count and record the number of items on each card. There are 10 different worksheets based on these cards as well as 10 more differentiated worksheets.

Cut out the 26 image cards which all have a letter of the alphabet as well as seasonal image/s, and laminate them so that they can be used again. Place these cards in different locations all around the room – this is the fun part as it becomes like a treasure hunt with the pupils searching for the cards. In this way, this activity is a great opportunity for giving everyone in the class a movement break.

Worksheets 1-10 get pupils to find and locate 10 different cards around the room. Both a letter and an image cue are given to help the pupils. When they find the card, they count the number of seasonal items on the card and write the number in the pink box under the same image and letter on their worksheet. If a pupil gets through this activity quickly, they can be given another worksheet with another 10 random cards to find.

If a pupil is less able, differentiated worksheets are included in the download – there are six worksheets where pupils have to find 8 cards and four worksheets where pupils have to find 6 cards. The teacher can judge which worksheet best suits a particular pupil. Pupils could also work in pairs doing this activity.

For Your Information

Thank you for downloading this Seomra Ranga resource. We hope that you find it practical and useful in your classroom.

Please be aware of the following conditions before using this resource.

Please DO:

- Print and copy this resource so that you can use it with your pupils.
- Make this resource available to your pupils in a private enclosed online space eg. Google Classroom, Seesaw, Edublogs etc.
- Tell others if you have found it useful.

Please DO NOT:

- Copy or share this resource (in part or whole) with others who have not joined our website. By becoming a member for themselves, they will help the site develop into the future.
- Make this resource available on your school website for anyone to download.
- Share this resource with participants on any sort of course
- Share this resource with other teachers in online groups eg. Facebook Groups, WhatsApp Groups etc.

Kind regards, Seomra Ranga
