

CHRISTMAS LANTERNS

- Place sheet of art paper in portrait mode.
- Using a light pencil, draw outline of a lantern as suggested in the example below. Pupils can make any alterations they wish to the design of the lantern. The only suggestion to give them is that the lantern should take up most of the page, reaching to almost all four sides of the page, leaving only a little background.
- Draw 16 small squares inside the lantern in a 4 X 4 pattern. The outside squares may need to get smaller nearer the bottom of the page.
- Pupils should select four colours and number them 1-4. They should paint the squares in the colour pattern as suggested in the example below. However, pupils may choose a different pattern.
- The background of the lantern can then be painted in a colour of choice.
- The page background can then be painted in a snowy sky design.
- Add any other "Christmassy" designs e.g. holly on the lantern.
- Leave the painting to dry overnight.
- When the painting is dry, outline all the lines using a thick black permanent marker. This will make the colours stand out.
- Display lanterns together to create a festive display.
