Instructions

Cut out all the 12 cards, the Choice Board and the individual picture cards and laminate them all. Place Velcro on the blank spaces on the Choice Boards and the blank spaces on the individual cards. Place Velcro also on the back of the individual picture cards. Place the picture cards in any random order on the Choice Board.

Taking one card at a time, the pupil must look at the colour of the Toothbrush on the left of the card, find the Toothpaste bottle that matches that colour on the Choice Board and place it in the blank box next to the Toothbrush on the card.

You can choose to play a matching activity using six colours, eight colours or all twelve colours. To encourage confidence, it might be better to start by practising six colours and build up to the twelve colours.
